

Walk/Bike Off Campus Permission Slip

2018 – 2019

In order to ensure the safety of our students, it is required that any student walking or riding a bike home or to another destination after school must have a signed permission slip on file in the office.

Students who have permission to walk or ride a bike off campus must leave at dismissal time and go directly home or to their destination. Students exercising off-campus privileges are subject to rules of student conduct applicable during the regular school day. Please review this with your child. Complete the following and return to the school office.
